

WILDLIFE PATHOLOGY

Short Course February 2012 Camden

SCHOLARSHIPS NOW AVAILABLE

**CONSERVATION, MANAGEMENT AND HEALTH OF AQUATIC, AERIAL AND
TERRESTRIAL WILDLIFE**

13-18 February 2012

Due to generous financial support from the Cybec Foundation, we are pleased to offer 3 scholarships for wildlife health professionals to attend the Wildlife Pathology Short Course in Sydney during February 2012.

These scholarships are aimed at assisting wildlife veterinarians from developing countries, however, other veterinarians in financial hardship who are studying or working in the field of wildlife health are eligible to apply. As the course will be delivered in English, applicants will require reasonable written and oral communication skills in English.

This Short Course is being coordinated by The Australian Registry of Wildlife Health in collaboration with the C. L. Davis Foundation, University of Sydney and supported by the Cybec Foundation.

Scholarship application forms are available to download from our website:
