Manuscript Title:

Checklist (failure to complete may delay review of the manuscript). Please see Instructions for Authors.

Four copies of the manuscript are enclosed if submitted in hard copy. Manuscripts may be submitted electronically in WordPerfect, MS Word, or compatible format by email or on disk.

Format of the manuscript conforms to the "Instructions for Authors" in the most recent January issue or at <http://www.wildlifedisease.org/>

All listed authors have seen and approved of the manuscript, and are aware it is being submitted to the Journal of Wildlife Diseases. All people listed in Acknowledgments section are aware they are mentioned.

This manuscript is submitted exclusively for publication in the Journal of Wildlife Diseases; this material has not been submitted or published elsewhere, including in another language

Authors have complied, to the best of their knowledge, with all applicable laws, treaties, and regulations in the collection, maintenance, and disposal of animals used in this study

This research was approved by an institutional animal care and use committee. (If not, please provide an explanation)

This manuscript is free of any plagiarism or falsification

A copy of each manuscript page containing a personal communication is enclosed and signed by each person cited. Not applicable

Proof of acceptance for all "in press" manuscripts cited accompany the submission; a copy of each "in press" manuscript is enclosed. Not applicable

Representative parasite or tissue specimens (neoplasms) have been deposited in a museum and accession numbers are reported in the manuscript. Not applicable

By submitting this manuscript, the author agrees to pay applicable page charges (\$65 US per page for members, \$120 US per page for non-members). Non-members may apply for membership at www.wildlifedisease.org

[] The Editor, Assistant Editors, and Reviews are pledged to maintain the confidentiality of all aspects regarding the ideas and concepts, nature, content, status, and authorship of manuscripts submitted for potential publication in the Journal of Wildlife Diseases; likewise, by signing this submission form the authors agree to adhere to a similar level of confidentiality pertaining to all correspondence, documents, and procedures concerned with the processing, editing, review, and status of the submitted manuscript.

You may list up to five potential reviewers (optional). Please do not include recent collaborators or scientists in the same institution.

Name/Institution/Department

Please list any reviewers you wish to exclude (optional). Reasons

Mail four complete copies of the manuscript or email the manuscript to:

Dr. Elizabeth S. Williams, Editor
